

The Integrated Library Services

An effort to group all the Church's resource materials in Christian education under one combined system, and to institute a centralized system for archiving, cataloguing and loaning of these resources by 2012.

1. Lending & Reference Libraries

(Dn. Chun See &
Dn. Bendick)

2. Mandarin Library

(Bro. Weiyou)

3. Sunday School Resource Library

(Sis. May Eng)

4. Multimedia and Recordings Archives

(Dn. Eng Hee)

5. Music Scores Archives

(Dn. Dehan &
Bro. Bernard Moey)

The Lending Library (Room 2.4) contains thousands of books (English, Chinese and Children's) available for loan and is opened on Sunday for members to borrow books.

The Reference Library (Room 3.10) contains another 1000 books with its catalogue available on the church website. It is also opened on weekdays until 10pm for students to come study during the exams period.

The focus of this department next year would be the revamping and setting up of a conducive and colourful Children's Library!

Thank God for the committed group of librarians serving us every week. *Come join us as a librarian!*

Presently undergoing revamping, the Sunday School Resource Library is currently cataloguing all teaching materials and instituting a loaning system to be put in place by 2012.

We have hundreds of DVD titles available for viewing and loan. This section is also responsible for all archiving of sermon recordings and uploads onto the Church website.

As the Church's music ministry grows, we are also looking into archiving all music scores and keeping our own music scores collection.
